

East Taieri School

PARENT CONSENT FOR EOTC ACTIVITIES

To be completed upon enrolment and/or annually at the start of the school year.

Education outside the classroom (EOTC) is the name given to all events and activities that occur outside the classroom, both on the school grounds and off-site.

Our students participate in a wide range of learning opportunities within and outside the school grounds. Students, especially senior students, may participate in a wide range of sporting events outside the school throughout the year. All class teachers are encouraged to provide extension and enrichment opportunities for their students. These learning opportunities sometimes require travel outside the school, and may extend outside school hours.

Our school uses a process, which is monitored by the principal and board of trustees, to identify and manage risk for all activity types. The Ministry of Education EOTC Guidelines identify four activity types, each with recommended parent/caregiver consent (as outlined below).

| Event Type | Description | Type of consent required (Ministry Guidelines) |
|------------|---|--|
| A | On-site – in the school grounds | |
| | Lower risk – e.g. sports day, horticulture, adventure-based learning (ABL) activities, painting murals, measuring for mathematics | No consent required |
| | Higher risk – e.g. school pool or climbing wall | Blanket consent |
| B | Off-site – short visits in the local community within school hours | |
| | Lower risk – e.g. museum, art gallery, botanic gardens, sports and recreation events | No consent or blanket consent |
| | Higher risk – e.g. aquatic environments (river, beach), cross-country training | Blanket consent or separate consent for each event |
| C | Off-site – day trips, which extend out of school hours | |
| | Lower risk – e.g. farm visit; day hike in a local park or in local bush; city visit; train, bus or ferry trip; swimming | No consent or blanket consent |
| | Higher risk – e.g. skiing, waka ama, rock climbing, swimming in natural environments (beach, river), field trip involving chemicals or heavy machinery | Separate consent for each event and risk disclosure |
| D | Off-site – multi-day trips further afield | |
| | Lower risk – e.g. trip to another region; sports tournaments; field trips to urban environments, historic sites, and "front country" (having well-formed tracks) | Separate consent for each event |
| | Higher risk – e.g. overseas trips; field trips into natural water, bush, or alpine environments, or other hazardous environments (for example, where chemicals, heavy machinery, or other hazards are present); outdoor education camps; outdoor pursuit journeys in the "back country" (for example, biking, tramping, canoeing) | |
| | Staff analyse the risk associated with all EOTC activities, and identify strategies to eliminate, isolate, and/or minimise the risks. You can read more about our school's EOTC policies and procedures on our SchoolDocs site – there is information specifically for parents in a topic called Communicating with Parents. | Separate consent and risk disclosure |
